

Bad Muskau not Moscow

Tour Time
Second Half of July

in the summer

Not wanting to travel far in difficult times, we have created this trip omitting the larger cities and visiting some places that tickle our curiosity.

The garden of Prince Pückler-Muskau, who was a real bon viveur, are the final destination. En route we look for other curiosities and hear about interesting historic persons and sights: Colditz Castle, the mustard museum, a planetarium or the visit of the Karl-May-residence. We hear about dragons, dinosaurs and other real and fictional animals.

The programmes are not always the classic sightseeing, but whenever possible we have opted for the unusual.

Short driving stages give you the chance to follow your own interests and also to take in culinary delights.
